The following items are for discussion and possible action:

1. Roll call
2. Approval of the agenda
3. Approval of the October 8, 2020 minutes
4. **Final action may be taken in:**

Case No. 20779: Application of Lucid Energy Delaware, LLC for authority to inject, Lea County, New Mexico.

5. Case 21469: Application for Rulemaking: Pursuant to 19.15.38(A) NMAC, Petitioner WildEarth Guardians (“Guardians”) hereby petitions the New Mexico Oil Conservation Commission (“OCC”) to amend 19.15.34.20 NMAC – Disposition of Produced Water and Other Oil Field Waste – a rule “to regulate the disposition, handling, transport, storage, recycling, treatment and disposal of produced water ... in a manner that protects public health, the environment and fresh water resources.” NMSA 1978, § 70-2- 12(B)(15). Currently, OCC/OCD rules do not prohibit spills or releases or produced water. The proposed rule would fill that glaring regulatory hole by specifically prohibiting the spilling or releasing of produced water.
Upon application of WildEarth Guardians, the Oil Conservation Commission will review the request to grant a hearing on the rulemaking.
