

## FTP Site Data Set Descriptions

The files contained in the zips are full table extracts of the key Oil Conservation Division Oil and Gas related tables in an XML dataset format. Included are most of the tables that are shared with [ONGARD](#). These data sets are also shared with New Mexico Tech for their production reports located on the [Go-Tech](#) site.

The data sets are refreshed on a monthly basis, the first Monday of every month.

### OCDCoreDataYYYYMMDD.zip

- T\_WELL (wells)
- T\_WC (well completions)
- T\_POOL (pools)
- T\_PROD\_PROP (properties)
- T\_SPU (spacing units)

### OCDOtherVolumesYYYYMMDD.zip

- T\_SPC\_UNIT\_SDIV (spacing unit subdivisions)
