GEOTHERMAL RESOURCES WELL HISTORY

Operator __________________________ Address __________________________
Leased Name __________________________
Unit Letter __________________________ Sec. __________________________
Reservoir __________________________ Twp. __________________________
Wk No. __________________________ Paige __________________________
County __________________________

It is of the utmost importance to have a complete history of the well. Use this form to report all aspects of all important operations during the drilling and testing of the well or during redrilling, steaming of casing, plugging, or abandonment of the well. Be sure to include such items as hole size, formation test details, weights of cement used, top and bottom of plugs, perforation details, sidetracked job, logging issues, steaming, and initial production data and steam temperature. (Attach additional sheets if necessary.)

Date

CERTIFICATION
