REQUEST FOR PROPOSALS
PROFESSIONAL SERVICES TO DEVELOP RULES FOR
NEW MEXICO ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION

I. PURPOSE OF THIS REQUEST FOR PROPOSALS

The New Mexico Energy, Minerals and Natural Resources Department (EMNRD), Oil Conservation Division (OCD) issues this Request for Proposals (RFP) to solicit professional services for qualified offerors (Offerors) to develop and support the adoption of rules to regulate the venting and flaring of methane at oil and gas facilities.

Any procurement which may result from this RFP is valid for one year from date of issue as indicated in Section VIII, Contact Person and Due Dates, below.

II. QUALIFIED OFFERORS

Offerors must have at least 10 years of experience in the analysis of waste of resources, particularly natural gas, in the oil and gas industry; the development of administrative rules for governmental agencies; and the presentation of expert testimony in administrative or judicial proceedings. Additionally, qualified Offerors must not work currently, have worked previously, or anticipate work in the oil and gas industry.

III. SCOPE OF WORK

A. BACKGROUND

New Mexico, under the leadership of Governor Michele Lujan Grisham, established a greenhouse gas emission reduction goal of at least 45% below 2005 levels by 2030. To achieve this goal, the state must reduce the emission of methane, a potent greenhouse gas. Methane comprises about one-third of the state’s greenhouse gas emissions, of which more than 60% percent is emitted by the oil and gas industry.

EMNRD, in conjunction with the New Mexico Environment Department, established the Methane Advisory Panel to identify the sources of methane emissions in the oil and gas industry, and the methods and technologies available to reduce those emissions. The successful Offeror shall provide assistance to OCD by reviewing the information compiled by the technical advisory panel, identifying additional relevant information, preparing draft rules to reduce the incidence and magnitude of waste of resources, particularly natural gas, from oil and gas facilities, and providing expert testimony in support of those rules in a hearing before the New Mexico Oil Conservation Commission.
B. Task Orders

1. Process

The successful Offeror will be assigned work on an “as-needed” basis under Task Orders issued by OCD. Although OCD expects to assign multiple task orders, it cannot predict or guarantee their number or frequency.

Task Orders define a specific aspect of the project and request the successful Offeror to provide a timetable, budget, and other information. OCD will review the successful Offeror’s response and, after consultation with the successful Offeror if necessary, issue the Task Order.

2. Scope

Typical tasks that the successful Offeror will be asked to perform are listed below. Project-specific activities shall be detailed in individually approved Task Orders:

- consult in person or telephonically with OCD;
- review OCD’s existing statutes, rules, policies, and practices regarding venting and flaring of natural gas by the oil and gas industry (Existing Rules);
- review the available information, including the reports and documents of the Methane Advisory Panel, regarding sources of waste in the oil and gas industry and the methods and technologies available to reduce that waste;
- advise OCD regarding the options to amend OCD’s Existing Rules;
- prepare draft amendments to OCD’s Existing Rules;
- evaluate the technical, economic, and regulatory impact of the draft amendments to the Existing Rules;
- prepare testimony and exhibits to support OCD’s application to amend the Existing Rules;
- present testimony at the hearing(s) on OCD’s application to amend the Existing Rules; and
- advise OCD, prepare supporting documentation, and participate in meetings with stakeholders regarding policies and procedures to implement the amendments to the Existing Rules.
IV. PROPOSAL FORMAT AND CONTENTS

A. The proposal must provide a thorough description of the Offeror's qualifications to accomplish the activities in the Scope of Work.

B. The proposal shall be submitted on white 8.5 x 11" paper, single-spaced, 12-point font type, numbered pages, and not to exceed 50 pages.

C. The proposal must contain, at a minimum, the listed items in the specified sequence and must be organized in the following format:

1. Letter of transmittal that:
   - identifies the proposal as a response to this RFP;
   - expressly accepts the terms and conditions of this RFP and the evaluation criteria;
   - expressly acknowledges receipt of this RFP and all amendments;
   - identifies the name, title, telephone number, fax number, and e-mail address of each person authorized to respond to requests for clarification;
   - identifies the name, title, telephone number, fax number, and e-mail address of each person authorized to negotiate the contract on behalf of the Offeror; and
   - a signature by the person authorized to contractually obligate the Offeror.

2. Description of activities similar to the Scope of Work that the Offeror has performed;

3. Description of the Offeror's capabilities, services and other resources to accomplish the activities in the Scope of Work.

4. Description of the Offeror's systems and procedures to plan and implement the activities in the Scope of Work, including administration and cost control.

5. Name and qualifications, including a brief biography and resume identifying education and work experience, of each person that will manage the activities in the Scope of Work or be assigned to the Task Orders.
6. Two or more business references for governmental agencies for which the Offeror has performed activities similar to the Scope of Work during the preceding three years.

Each business reference must submit the Reference Questionnaire (Attachment 1) to the EMNRD Contact Person listed below. The Offeror is responsible to ensure that the EMNRD receives the questionnaires no later than the proposal submission deadline. A questionnaire that is not complete or not received by the proposal submission deadline will not be considered during the evaluation process. EMNRD may contact a business reference regarding the information provided in the questionnaire.

7. Campaign Contribution Disclosure Form (Attachment 2) for each campaign contribution given by the Offeror or its family member or representative.

8. Statement of Assurances Form (Attachment 3).

D. A proposal that does not comply with these requirements may be deemed nonresponsive and rejected on that basis.

This form must be filed even if the contract qualifies as a small purchase or a sole source contract. The prospective contractor must disclose whether they, a family member or a representative of the prospective contractor has made a campaign contribution to an applicable public official of the state or a local public body during the two years prior to the date on which the contractor submits a proposal or, in the case of a sole source or small purchase contract, the two years prior to the date the contractor signs the contract, if the aggregate total of contributions given by the prospective contractor, a family member or a representative of the prospective contractor to the public official exceeds two hundred and fifty dollars ($250) over the two year period.

Furthermore, the state agency or local public body may cancel a solicitation or proposed award for a proposed contract pursuant to Section 13-1-181 NMSA 1978 or a contract that is executed may be ratified or terminated pursuant to Section 13-1-182 NMSA 1978 of the Procurement Code if: 1) a prospective contractor, a family member of the prospective contractor, or a representative of the prospective contractor gives a campaign contribution or other thing of value to an applicable public official or the applicable public official's employees during the pendency of the procurement process or 2) a prospective contractor fails to submit a fully completed disclosure statement pursuant to the law.

The state agency or local public body that procures the services or items of tangible personal property shall indicate on the form the name or names of every applicable public official, if any, for which disclosure is required by a prospective contractor.

THIS FORM MUST BE INCLUDED IN THE REQUEST FOR PROPOSALS AND MUST BE FILED BY ANY PROSPECTIVE CONTRACTOR WHETHER OR NOT THEY, THEIR FAMILY MEMBER, OR THEIR REPRESENTATIVE HAS MADE ANY CONTRIBUTIONS SUBJECT TO DISCLOSURE.

The following definitions apply:

"Applicable public official" means a person elected to an office or a person appointed to complete a term of an elected office, who has the authority to award or influence the award of the contract for which the prospective contractor is submitting a competitive sealed proposal or who has the authority to negotiate a sole source or small purchase contract that may be awarded without submission of a sealed competitive proposal.

"Campaign Contribution" means a gift, subscription, loan, advance or deposit of money or other thing of value, including the estimated value of an in-kind contribution, that is made to or received by an applicable public official or any person authorized to raise, collect or expend contributions on that official’s behalf for the purpose of electing the official to statewide or local office. "Campaign Contribution" includes the payment of a debt incurred in an election campaign, but does not include the value of services provided without compensation or unreimbursed travel or other personal expenses of individuals who volunteer a portion or all of
their time on behalf of a candidate or political committee, nor does it include the administrative or solicitation expenses of a political committee that are paid by an organization that sponsors the committee.

"Family member" means spouse, father, mother, child, father-in-law, mother-in-law, daughter-in-law or son-in-law of (a) a prospective contractor, if the prospective contractor is a natural person; or (b) an owner of a prospective contractor.

"Pendency of the procurement process" means the time period commencing with the public notice of the request for proposals and ending with the award of the contract or the cancellation of the request for proposals.

"Prospective contractor" means a person or business that is subject to the competitive sealed proposal process set forth in the Procurement Code or is not required to submit a competitive sealed proposal because that person or business qualifies for a sole source or a small purchase contract.

"Representative of a prospective contractor" means an officer or director of a corporation, a member or manager of a limited liability corporation, a partner of a partnership or a trustee of a trust of the prospective contractor.

Except as otherwise expressly allowed or provided under this Agreement, EMNRD’s sole liability upon termination shall be to pay for acceptable work performed prior to Contractor’s receipt or issuance of a notice of termination; provided, however, that a notice of termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this Agreement. Contractor shall submit an invoice for such work within 30 days of receiving or sending the notice of termination. This provision is not exclusive and does not waive EMNRD’s other legal rights and remedies caused by Contractor's default/breach of this Agreement.

D. Termination Management. Immediately upon receipt by either EMNRD or Contractor of notice of termination of this Agreement, Contractor shall:

1) not incur any further obligations for salaries, services or any other expenditure of funds under this Agreement without EMNRD's written approval;

3) take such action as EMNRD shall direct for the protection, preservation, retention or transfer of all property titled to EMNRD and records generated under this Agreement. Any non-expendable personal property or equipment provided to or purchased by Contractor with contract funds shall become property of EMNRD upon termination and shall be submitted to EMNRD as soon as practicable.

5. Appropriations.

The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, this Agreement shall terminate immediately upon written notice being given by EMNRD to Contractor. EMNRD's decision as to whether sufficient appropriations are available shall be accepted by Contractor and shall be final. If EMNRD proposes an amendment to the Agreement to unilaterally reduce funding, Contractor shall have the option to terminate the Agreement or to agree to the reduced funding, within 30 days of receipt of the proposed amendment.
6. **Status of Contractor.**

Contractor and its subcontractors, agents, and employees are independent contractors performing professional services for EMNRD and are not employees of the State of New Mexico. Contractor and its agents and employees shall not accrue leave, retirement, insurance, bonding, use of state vehicles, or any other benefits afforded to employees of the State of New Mexico as a result of this Agreement. Contractor acknowledges that all sums received hereunder are reportable by Contractor for tax purposes, including without limitation, self-employment and business income tax. Contractor may not, does not have the authority to, and agrees not to purport to bind the State of New Mexico unless Contractor has express written authority to do so, and then only within the strict limits of that authority.

7. **Assignment.**

Contractor shall not assign or transfer any interest in this Agreement or assign any claims for money due or to become due under this Agreement without EMNRD’s prior written approval.

8. **Subcontracting.**

Contractor shall not subcontract any portion of the services to be performed under this Agreement without the prior written approval of EMNRD. No such subcontract shall relieve Contractor from its obligations and liabilities under this Agreement, nor shall any subcontract obligate direct payment from EMNRD.

9. **Release.**

Final payment of the amounts due under this Agreement shall operate as a release of EMNRD, its officers and employees, and the State of New Mexico from all liabilities, claims, and obligations whatsoever arising from or under this Agreement.

10. **Confidentiality.**

Any confidential information provided to or developed by Contractor in the performance of this Agreement shall be kept confidential by Contractor and shall not be made available to any individual or organization by Contractor without EMNRD’s prior written approval.

11. **Product of Service – Copyright.**

All materials developed or acquired by Contractor under this Agreement shall become the property of the State of New Mexico and shall be delivered to EMNRD no later than the termination date of this Agreement. Nothing developed or produced, in whole or in part, by Contractor under this Agreement shall be the subject of an application for copyright or other claim of ownership by or on behalf of Contractor.
