

Changes to RMP Rate Sheets

1. Each type of equipment will have its own rate sheet to better clarify provisions.
2. The Ordering office (box 1) will be the district office that sponsors the FD.
3. Box 5 will enable finance to correctly code State of NM resources to ensure cost reports are correct especially for cost share fires.
(If the rate is staffed then the box should list EQUIPMENT AGENCY- NM, If the rate is unstaffed and OF-288's will be required then the box should list PERSONNEL AGENCY- NM EMPLOYMENT CODE - OTHER, EQUIPMENT AGENCY-NM)
4. Box 7 is now labeled staffed and unstaffed.
5. Box 8 simplifies identifying the type of cooperator.
6. Box 9 asks for more detailed information such as G-plate, VIN and non-standard accessories.
7. Box 13 the guarantee is no longer listed on this box to avoid overpayments, the provisions section now addresses the guarantee.
8. The provisions better clarify the rate sheets, guarantee, fuel surcharges, documentation needed, etc.
9. A few rates have been changed, Hand Crews are now \$26 an hour per person (including vehicles & equipment), the fuel surcharge for Fuel Tenders is .75 a mile, the ambulance rate is \$140 per hour. Since Fuel Tenders vary in the gallon capacity and the way they are staffed please check with myself or Donald for rates.

There is a list of provisions that can be copied and pasted to each rate sheet, please refer to the sample rate sheets for guidance on using the provisions.
