8. There are several ways to determine the best cost share mix. Below are examples of five cost share possibilities:

- A. Each Agency pays for its own resources – fire suppression efforts are primarily on jurisdictional responsibility lands.**
- B. Each Agency pays for its own resources – services rendered approximate the percentage of jurisdictional responsibility, but not necessarily performed on those lands.**
- C. Cost share by percentage of ownership or Agency jurisdictional responsibility.**
- D. Cost is apportioned by geographic division. Examples of geographic divisions are: Divisions A and B (using a map as an attachment); privately owned property with structures; or specific locations such as campgrounds.**
- E. Reconciliation of daily estimates (for larger, multi-day incidents). This method relies upon daily agreed-to cost estimates, using Incident Action Plans or other means to determine multi-Agency contributions.**

The following are not reimbursable:

- responsibility for tort claims or compensation for injury costs;
- non suppression rehabilitation costs are the responsibility of the Jurisdictional Agency;
- non-expendable property purchases (are the responsibility of the Agency making the purchase); and
- support costs (*i.e.* office dispatchers, warehouse workers, etc.), unless they are charging to an emergency code assigned to the incident.

9. Fire Suppression Costs will be divided between the Parties as described below:

The New Mexico EMNRD – Forestry Division and the Colorado Division of Fire Prevention and Control will each pay for their respective costs from incident start date of 03/08/18 to control date. There will be no cross-billing of costs on the Stateline Fire.

10. Billing Procedures:

There will be no cross billing on the Stateline Fire.

11. This Cost Share Agreement is our best judgment of the Parties' cost responsibilities for this incident on the date/time shown. Future amendments to this Cost Share Agreement may be necessary, as conditions and fire spread change. This Cost Share

Agreement can be negotiated in the field but only the State Forester has the authority to enter into a cost share agreement on behalf of the EMNRD, Forestry Division.
