New Mexico State Forestry Fall Seedling Sale Ending October 5th

Santa Fe, NM - Time is running out for the State Forestry Division Conservation Seedling Program fall sale! Landowners are encouraged to place their orders online now at nmforestry.com for the best selection of native tree and shrub seedlings before the October 5 deadline.

Thousands of seedlings are still available to landowners who own at least one acre of property in New Mexico and agree to use the seedlings for conservation purposes - this may include windbreaks, erosion control, wildlife habitat, riparian restoration, reforestation, Christmas tree plantations, or other conservation needs.

One-year-old seedlings are sold in minimum lots of 49 of the same species, or in multi-species bundles, for \$80 each. A full list of seedlings and ordering information is available at nmforestry.com. Payment with a Discover Card, Master Card, or Visa is accepted online. Checks are also accepted with mail-in application forms, which can be downloaded from our website or picked up at the Forestry Division state office located at 1220 S. St. Francis Dr., Santa Fe. ***There is a \$5 handling fee per order and all sales are final.***

The final day to order online is October 5. Seedlings can be delivered by UPS until October 9 or may also be picked up at the State Forestry seedling warehouse. Casa de Arboles (Tree House) is located at 3250 Calle Princesa Juana, in Santa Fe. Hours of operation are Thursdays and Fridays, 8:30 a.m. – 12 p.m. and 1:00 p.m. – 4:30 p.m. A map to the distribution center is available at nmforestry.com.

All proceeds are reinvested back into the NM State Forestry Conservation Seedling Program.
